# NAME

COMPANION WORKBOOK

## TAKE TIME TO READ THIS . . .

1. This *WORKBOOK* is intended to be used with the book entitled, *BY THIS NAME*. *BY THIS NAME* includes 1570 Bible verses quoted with accompanying commentary. Though it's your study guide, it reads like a storybook, not a textbook. If you don't have this book, see the back page of this *WORKBOOK* to order a copy. The *WORKBOOK* questions and answers are keyed to this book.
2. Learn for the sake of *knowing* for yourself. The point of *BY THIS NAME* is to study the main theme of the Bible. Whether you believe it or not is up to you. There is no need to argue your present beliefs or future conclusions.
3. Get the big picture first. Don't impede the study's momentum. Unless it is a question needed to clarify subject material being studied, write down your query and save it till the end. Once you have the big picture in mind, you can go back and fill in the details by getting your questions answered.
4. Learn one section at a time, in the sequence it is written. This is not the type of Bible study where you can jump around from one lesson to another. It is important that you read each chapter section in *BY THIS NAME* and answer the questions in this *WORKBOOK* first, *before* you move on to the next section. If you answer a question incorrectly, look it up on the page as indicated and briefly review the material. It will only take a minute, but it will help you immensely as you read deeper into the book.
5. If stopping and answering the questions in this *WORKBOOK* seems to disrupt the flow of the story in your mind, then set it aside and just read *BY THIS NAME*.
6. Make sure you complete the book. To make a final judgment about the Bible's primary message before finishing the study entails a high risk of drawing wrong conclusions.
7. The questions in this *WORKBOOK* should *not* be viewed as an exam or test. They are *review questions* only—to help you make sure you have a grip on the key points. Don't be insulted if you find a question too easy—it means you understand the material. Others may find it difficult. In a number of instances, more than one answer is right. Mark all that are correct. For *fill-in-the-blank* questions, the number of letters in the word is indicated by the number of line spaces.
8. The content under the label **FOR FURTHER CONSIDERATION** not only reinforces what you have learned, but helps develop Bible navigation skills.

Now open *BY THIS NAME*, read the Preface on page vii, and begin with Chapter One. Enjoy your study!

Role	Category	Name(s)
The _____	_____	<i>YAHWEH</i>
Those _____	_____	Gabriel, Michael

plants    created    Creator    created    spirit beings    God

#### FOR FURTHER CONSIDERATION:

- In the back of many Bibles is a small concordance. This is a tool to help one find a verse. For example, let's say you can remember that God said he would create man in "*his own image*," but you cannot remember where the verse is found. By looking up the word *image*, you can find the verse you were thinking of.
- As an alternative, you might use an on-line concordance such as [www.biblegate.com](http://www.biblegate.com). The advantage of this type of resource is that it allows you to compare and make use of different Bible translations. (Remember that the Bible was not originally written in English.)
- Try finding the following verse by using either the concordance in the back of your Bible or on-line by looking up the word "*image*:"  
*So God created man in his own **image**, in the **image** of God he created him; male and female he created them (NIV).*

  - True
  - False
- Fill in the blanks with words from the Word-Bank:
