## TAKE TIME TO READ THIS . . .

1. This WORKBOOK is intended to be used with the book entitled, THE STRANGER ON THE ROAD TO EMMAUS. THE STRANGER includes approximately 1200 Bible verses quoted with accompanying commentary. Though it's your study guide, it reads like a storybook, not a textbook. If you don't have this book, see the back page of this WORKBOOK to order a copy. The WORKBOOK questions and answers are keyed to this book.
2. Learn for the sake of *knowing* for yourself. The point of this book is to study the main theme of the Bible. Whether you believe it or not is up to you. There is no need to argue your present beliefs or future conclusions.
3. Get the big picture first. Don't impede the study's momentum. Unless it is a question needed to clarify subject material being studied, write down your query and save it till the end. Once you have the big picture in mind, you can go back and fill in the details by getting your questions answered.
4. Learn one section at a time, in the sequence it is written. This is not the type of Bible study where you can jump around from one lesson to another. It is important that you read each chapter section in THE STRANGER and answer the questions in this WORKBOOK first, *before* you move on to the next section. If you answer a question incorrectly, look it up on the page as indicated and briefly review the material. It will only take a minute, but it will help you immensely as you study deeper into the book.
5. If stopping and answering the questions in this Workbook seems to disrupt the flow of the story in your mind, then set it aside and just read THE STRANGER.
6. Make sure you complete the study. To make a final judgment about the Bible's primary message before finishing the study entails a high risk of drawing wrong conclusions.
7. The questions in this WORKBOOK should *not* be viewed as an exam or test. They are *review questions* only—to help you make sure you have a grip on the key points. Don't be insulted if you find a question too easy—it means you understand the material. Others may find it difficult. In a number of instances, more than one answer is right. Mark all that are correct. For *fill-in-the-blank* questions, the number of letters in the word are indicated by the line spaces.
8. The content under the label **FOR FURTHER CONSIDERATION** not only reinforces what you have learned, but helps develop Bible navigation skills.

Now open THE STRANGER ON THE ROAD TO EMMAUS, read the Preface, and then begin with Chapter One. Enjoy your study!

### 2 GETTING THINGS STRAIGHT

1. The Bible has been a best-seller for centuries.
  - True       False
2. In many ways, the Bible is like a puzzle—to understand it accurately, the pieces must be put together in the right way.
  - True       False
3. Important keys for gaining an understanding of the Bible are:
  - A. learning the simple concepts first, then moving to the more complex.
  - B. starting at the beginning and then studying it in the order of events which are said to have happened.
  - C. sticking to one theme at a time.
  - D. getting the big picture in mind, then if you wish, going back and filling in the details.
  - E. All of the above.
4. The Bible addresses many different issues. If you randomly mix these themes or subjects together, the result will be:
  - A. a clear understanding of the Bible's message.
  - B. an accurate knowledge of Bible basics.
  - C. confusion.
5. The stated goal of *THE STRANGER ON THE ROAD TO EMMAUS* is to (Mark three):
  - A. cover key biblical events.
  - B. enhance understanding by stringing the Bible's stories together in logical sequence.
  - C. give one an extensive and comprehensive understanding of the Bible.
  - D. tie the biblical stories together into one continuous and clear message.

### 3 A UNIQUE BOOK

1. The Bible is unique in the sense that it speaks with harmony and continuity, in spite of the fact that (Mark three):
  - A. the authors wrote across a span of 1500 years.
  - B. the authors came from different walks of life.
  - C. the authors wrote from three different continents.
  - D. the authors wrote in 14 different languages.
2. In all, about 40 men recorded \_\_\_\_\_ books, which, when compiled into one volume, constitute the Bible.

#### FOR FURTHER CONSIDERATION:

1. In ancient times, a prophet was a messenger who passed on God's words to the people. The message usually addressed aspects of daily living, but almost invariably the prophet's message included things yet to come. This foretelling of

the future had a practical aspect to it. It was a potent test to determine whether a prophet was genuine.

*If what a prophet proclaims in the name of the LORD does not take place or come true, that is a message the LORD has not spoken.*

DEUTERONOMY 18:22 NIV

A prophet's message was validated by the accurate fulfillment of his prophecies. He had to be 100% correct—there was no room for error.

*But a prophet who presumes to speak in my name anything I have not commanded him to say, or a prophet who speaks in the name of other gods, must be put to death.* DEUTERONOMY 18:20 NIV

In other words, a prophet had to be 100% right or he was dead. Obviously such a system discouraged “would-be” false prophets.

2. Find the beginning and end of the Old and New Testaments.
3. Identify those parts of the Bible which are *not* God's Word, such as footnotes, Concordance, maps, etc.
4. In a Bible, find and read these verses (BOOK chapter:verse):  
2 TIMOTHY 3:16; 2 PETER 1:20,21; ISAIAH 40:8

2. In the back of many Bibles is a small concordance. This is a tool to help one find a verse. For example, let's say you can remember that God said he would create man in "*his own image*," but you cannot remember where the verse is found. As an alternative, use an online concordance such as [www.biblegateway.com](http://www.biblegateway.com). The advantage of this type of resource is that it allows you to compare and make use of different Bible translations. (Remember that the Bible was not originally written in English.) Try finding the following verse by using either the concordance in the back of your Bible or online by looking up the word "*image*":  
*So God created man in his own **image**, in the **image** of God he created him; male and female he created them. (NIV)*

It was thought that if a leper was downwind, then you could approach to within 6 feet (2m), but if the leper was upwind, then not even 130 feet (40m) was safe enough. The possibility of physical contact with a leper would not only have been repulsive, but unthinkable.

Yet the Bible says that Jesus reached out his hand and deliberately touched a leper (MARK 1:40-45). That touch was not necessary. Jesus healed many a person from a distance. Think of what that touch meant to the watching crowd—to the leprous man. The event must have been electrifying! Not only was it culturally unacceptable, but according to the Law, if a man physically contacted a leper then he was ceremonially unclean. Not so with Jesus. Rather, there was the opposite effect. Jesus touched the man and the leper became clean. That touch was intentional. It was the touch of God.
